

## Abstracts, Case Reports/Series and Technical Booths

The CAS Annual Meeting offers the opportunity to make your work known among the Canadian anesthesia community through several submission formats: Abstracts, Case Reports/Series and Technical Booths.

There is no fee to submit an Abstract, Case Report/Series or Technical Booth for the conference, and we welcome submissions from a diversity of subspecialties and areas of interest. Principal authors of accepted abstract must present in person at the Annual Meeting.

All submissions are reviewed by the Scientific Affairs Annual Meeting Subcommittee. Accepted abstracts can be included in poster sessions and are eligible for our conference best abstract award in their specified category. The highest scoring abstracts will be selected to compete in the Residents' Oral Competition or the Richard Knill Research Oral Competition.

All accepted Abstracts and Case Reports/Series which are presented at the Annual Meeting will be published in *Canadian Journal of Anesthesia* and posted on cas.ca.

### IMPORTANT DATES *(subject to change):*

- **November 23, 2022** – Call for Abstracts, Case Report/Series and Technical Booth launch
- **December 22, 2022, 12 noon ET** – Deadline to submit Abstracts for preliminary review for authors from developing countries (Abstracts will be reviewed and returned to the submitter by Thursday, January 12, 2023)
- **January 26, 2023, 12:00 noon ET** – Submission deadline
- **February 23, 2023** – Applicants informed of decision
- **March 3, 2023** – Deadline for accepted applicants to confirm their intention to present
- **March 10, 2023** – Deadline for presenting authors to register for the Annual Meeting

### SUBMISSION CATEGORIES

Abstract, Case Report/Series and Technical Booth applications can be submitted under the following categories:

- Airway Management
- Ambulatory Anesthesia
- Basic Science
- Cardiovascular and Thoracic
- Chronic Pain
- Critical Care Medicine
- Economics
- Education and Simulation in Anesthesia
- Equipment Monitoring
- Gender Studies
- Health Management
- Neuroanesthesia
- Obstetric Anesthesia
- Pain Management
- Pediatric Anesthesia
- Perioperative
- Pharmacology
- Regional and Acute Pain
- Other

Abstracts may be reassigned to a more appropriate category at the discretion of the Scientific Affairs Subcommittee.

### ELIGIBILITY (ABSTRACTS AND CASE REPORT/SERIES)

Only Abstracts or Case/Report series that have not been posted or published before are eligible for submission. Please do not submit the following as they are NOT eligible for the CAS Annual

Meeting:

- Abstracts or Case Report/Series submitted and accepted to other conferences, for example the American Society of Anesthesiologists (ASA), the International Anesthesia Research Society (IARS), or the European Society of Anesthesiologists (ESA), as these have been posted and will be published.
- work that has been published as a journal article prior to the start of the CAS Annual Meeting, either in print or online.

Applicants **CANNOT** submit multiple abstracts from the same research study. Multiple submissions from a single study or dataset will be excluded unless prior clarification and approval is granted.

**SUBMISSION GUIDELINES**

Submissions must be in English and include the following information.

Abstract	Title, Authors and Affiliations, Introduction (max 150 words), Methods (max 200 words), Results (max 150 words), Discussion (max 100 words), and References (max 5 references) <u>Text only</u> (no graphics, images or tables are allowed in the Abstract body).
Case Report/ Series	Title, Authors and Affiliations, Introduction (max 150 words), Case Presentation (max 250 words), Conclusion (max 100 words), and References (max 5 references) <u>Text only</u> (no graphics, images or tables are allowed in the Case Report/Series body).
Technical Booth	Title/ Name of non-commercial product or service, product or service Description (max. 250 words), explanation as to why this product or service should be exhibited at the CAS Annual Meeting (max. 150 words).

Applicants may submit one image as a supporting file: (jpg, jpeg, png or gif; Up to 10 MB, high resolution – 300 dpi recommended). Please keep in mind that accepted Abstracts will be published electronically in the *Canadian Journal of Anesthesia* supplement. For optimal online viewing, it is recommended that only high-resolution images (300 dpi) be used. If uploaded images are not legible, they may be omitted from the published Abstract.

Browser: For best results we strongly recommend using Chrome or Firefox when submitting your Abstract. If using a corporate or institutional web platform, please ensure the link to the [online submission platform](#) is not blocked, as this will not allow you to submit.

Submissions must be received electronically through the online platform by **Thursday, January 26, 2023, 12:00 noon ET**. The system will identify your submission as complete or incomplete and you have until the submission deadline to complete it. Incomplete, late, faxed or mailed submissions will not be accepted

**PRESENTING AUTHOR**

All submissions **must** identify a presenting author who will present in-person (no virtual option is available). All presenting authors **must** register for the Annual Meeting in-person and pay the appropriate registration fee by March 10, 2023. Registration is NOT complimentary. Failure to do so will result in the automatic withdrawal of the Abstract or Case Report/Series.

If the presenting author is unable to attend the meeting, please notify us of an alternate presenter. The alternate presenter must be a co-author of the research. If there is a change in the name or address of the presenting author prior to submission deadline of **January 26, 2023, 12 noon ET**,

you may login to your [online submission account](#) and edit the profile. After this date, please contact [abstracts@casmeeting.com](mailto:abstracts@casmeeting.com) should there be any changes. New authors CANNOT be added to the submission after the submission deadline.

The presenting author/alternate presenter is required to disclose any real or perceived conflict of interest on behalf of all authors, in relation to the material to be discussed.

All correspondence will be sent to the presenting author, and it is their responsibility to communicate this information to any additional authors.

## **ETHICS**

### **Abstracts**

**Human Studies:** Abstracts describing investigations involving the recruitment of human participants will not be accepted unless the study was approved by, and carried out according to instructions of, the authors' institutional Human Investigations Committee or the Research Ethics Board (REB). This includes studies carried out as QA/QI initiatives. If Ethics approval was waived by the ethics board, please state this along with the reasons for the approval waiver. If the REB approval or equivalent is not stated, the abstract will be rejected.

**Animal Studies:** Abstracts describing investigations involving the use and care of animals will not be accepted unless the study was approved by, and carried out according to instructions of, the authors' institutional Animal Care Committee (ACC) or equivalent. If the ACC approval or equivalent is not provided, the abstract will be rejected.

**Case Reports/Series:** Patient or guardian consent is required for Case Report/Series in accordance with local institutional guidelines. If the patient consent for publication is not provided, the submission will be rejected. Note that patient or guardian consent is required as accepted case report/series will be published.

**Commercial drug names:** The generic name must be used. The trade name may also be included (in brackets) after the first use of the drug name.

### **TECHNICAL BOOTH**

Active CAS members may make a submission to request a Technical Booth to promote knowledge of a non-commercial product or service. This is a prime opportunity to showcase new advances to Annual Meeting delegates attending the exhibit.

All Technical Booth submissions must be received electronically through the [online submission system](#) by **Thursday, January 26, 2023, 12:00 noon ET**. **Mailed or faxed submissions will not be accepted.**

Up to two complimentary booths will be awarded to the authors of the two submissions receiving the highest scores in the Scientific Affairs Subcommittee review. Technical Booth exhibitors must abide by all rules, requirements, restrictions, and regulations as set forth in the acceptance notice and the Exhibitor Manual, which will be provided by the Annual Meeting Secretariat after acceptance.

### **ANONYMITY, GRANT ANONYMITY AND ETHICS BOARD ANONYMITY:**

Only FULLY ANONYMOUS abstracts or case report/series submissions will be accepted for review. No identification of authors, institution of origin, geographic area, sources of funding, or author references may appear in the submission title, text or supporting file. This includes specific identification of the ethics review board. Submissions that are not fully anonymous will be REJECTED by the CAS Scientific Affairs Subcommittee.

**Only applications that are complete and in accordance with the instructions provided above will be considered for review and acceptance to the conference.**

To start your submission: [CLICK HERE](#) and follow the instructions.

### **PRELIMINARY REVIEW FOR ABSTRACTS AND CASE REPORT/SERIES FROM DEVELOPING COUNTRIES**

CAS is offering **optional** support to authors from developing countries as defined by the [World Bank list of LOW or LOWER-MIDDLE income countries](#). Qualifying authors may submit their Abstract for pre-review and suggestions from a member of the Scientific Affairs Subcommittee. When submitting the Abstract, select the “Preliminary Review” option.

Abstracts or Case Report/Series for preliminary review must be submitted by **Thursday, December 22, 2023, 12 noon ET**. Submissions will be reviewed and returned to the submitter by Thursday, January 12, 2023, to allow for re-submission of the potentially revised abstract or case report/series by the general deadline of **Thursday, January 26, 2023, 12:00 noon ET**.

Participating in this program is NOT a guarantee of acceptance of the updated submission and the pre-reviewer will not be involved in the final review process. As with all submissions, authors will be responsible for registering and paying the appropriate fees to attend the Annual Meeting, securing travel documents/ authorization, and covering all associated costs (travel, hotel, meals etc.).

### **JUDGING**

All Abstracts and Case Report/Series will undergo a blind review by the CAS Scientific Affairs Subcommittee.

Submissions will be judged on:

#### **Abstracts**

- Originality (20%)
- Methods (20%)
- Data analysis (20%)
- Conclusion (20%)
- Clinical Relevance (20%)

#### **Case Report/Series**

- Novelty (20%)
- Importance (20%)
- Clarity of Presentation (20%)
- Quality of Discussion (20%)
- Background Literature Search (20%)

Abstracts with missing/incomplete data will receive a score of zero (0) for the Results and Discussion sections.

### **NOTICE OF STATUS**

Notification of acceptance or rejection will be emailed by **Thursday, February 23, 2023**, to the presenting author identified during the submission process.

### **WITHDRAWAL**

Written notification **MUST BE** sent by the presenting author to withdraw an accepted Abstract, Case Report/Series or Technical Booth. Notification can be sent via email to [abstracts@casmeeing.com](mailto:abstracts@casmeeing.com). The notification must include the submission title and ID number.

### **ABSTRACT PRESENTATION TYPES**

All accepted Abstracts will be assigned one of several presentation types based entirely upon the review score. Case Report/Series will not be considered for competitions or awards.

**Poster presentations:** Selected authors will be invited to present a 5-minute Poster oral presentation, followed by a 2-minute moderated discussion. The use of the provided Poster template is mandatory.

**Onsite oral competitions:** The top scoring abstracts submitted by CAS members are selected to compete in the **Richard Knill Research Oral Competition** and the **Residents' Oral Competition** (for residents enrolled in a Canadian department of anesthesia when the research was completed). See eligibility of the oral competition format below.

### **PUBLICATION**

All Abstracts and Case Report/Series will be posted on the CAS website. The *Canadian Journal of Anesthesia* (CJA) will publish those Abstracts and Case Report/Series presented or displayed at the Annual Meeting, which will be indexed, citable, searchable, and available in full text and PDF formats online.

Presenting authors who do not attend and/or present at the Annual Meeting will have their abstract withdrawn from publication.

### **QUESTIONS?**

For queries regarding the submission process or if having technical difficulties, please contact:  
2023 CAS Annual Meeting Secretariat

Email: [abstracts@casmeeing.com](mailto:abstracts@casmeeing.com)

Phone: 1.888.527.3434 / +1.519.263.5050 / +1.519.263.6002 (direct line)

**See below for Awards and Competitions guidelines**

## AWARDS AND COMPETITIONS

Accepted abstracts for the CAS Annual Meeting *may* be designated for entry in the **Residents' Oral Competition** or the **Richard Knill Research Oral Competition**. All accepted abstracts may be eligible for a **best abstract award** in their specified category (unless stated otherwise). Case reports/series will not be considered.

## ORAL COMPETITIONS

The authors of *up to six (6) abstracts* receiving the highest scores will be invited to give oral presentations at the Richard Knill and Resident Research competitions at the Annual Meeting. Only one abstract per candidate is permitted for presentation in the oral competitions. If more than one abstract from the same candidate meets the selection criteria, the candidate will be asked to identify which abstract should be included in the competition.

The **Residents' Oral Competition** aims to celebrate scientific excellence among physicians training in the specialty of Anesthesia in Canada, in addition to showcasing the highest ranked abstracts submitted by residents.

### Eligibility

- Must be a resident CAS member at the time of the competition
- Must have occupied the position of resident in a Canadian department of anesthesia when the research was done.
- Residents training at the master's or doctoral level at any year will be eligible, provided they are concurrently enrolled in an anesthesia residency training program in Canada.
- The work must have been completed within the preceding 18 months.
- Work carried out internationally must have been subject to Canadian University Ethics approval.
- Previous winners of the Residents' Competition may submit, provided the work is not directly related to research that has been previously awarded.

The **Richard Knill Research Oral Competition** aims to celebrate scientific excellence among physicians practicing in the specialty of Anesthesia in Canada, in addition to showcasing the highest ranked abstracts submitted.

### Eligibility

- Candidates must be CAS members.
- Only one abstract per study will be considered.
- The work must have been completed within the preceding 18 months.

### Judging

The Scientific Affairs Subcommittee is responsible for the details of the conduct of the written competition and selects the best abstracts eligible for the oral competitions. The initial review score of each selected abstract will constitute 50% of the final score. The oral competition will constitute the remaining 50% of the score.

The Residents' Oral Competition is endorsed by Canadian University Departments of Anesthesia (ACUDA). A selection of ACUDA chairs, or their delegates, will act as on-site judges for the oral competition. A lead judge will be appointed.

The Richard Knill Oral Competition is endorsed by the Editorial Board of the *Canadian Journal of Anesthesia*. A selection of CJA editors, or their delegates, will act as on-site judges for the oral

competition. A lead judge will be appointed.

The oral presentation is judged on: originality, methods, results, impact, and the quality of the presentation. Based on a combination of the written and oral scores the respective lead judge has the authority to delegate a winner and if applicable, any Honourable Mentions.

### ABSTRACT AWARDS

Abstracts not selected for the oral competitions above remain eligible for poster discussion or display in the category they were submitted in. Unless stated otherwise, all abstracts submitted for the CAS Annual Meeting in the areas listed below will be considered for the applicable **Best Abstract Award**. Abstracts will be judged by the Scientific Affairs Subcommittee in five areas: Originality (20%), Methods (20%), Data analysis (20%), Conclusion (20%), Clinical Relevance (20%).

Focus Area	Award	Supported by	Prize	Scoring	Note
Ambulatory Anesthesia	<b>Award for Best Abstract in Ambulatory Anesthesia</b>	The Ambulatory Anesthesia Section	\$500	Abstract submission	
Cardiovascular and Thoracic	<b>CVT Raymond Martineau Prize</b>	The Cardiovascular and Thoracic Section	\$1,000	50% abstract/ 50% oral presentation	The abstract will be judged based on the written submission and the oral poster presentation.
Chronic Pain	<b>Award for Best Abstract in Chronic Pain</b>	The Chronic Pain Section	\$500	Abstract submission	Basic and clinical
Critical Care Medicine	<b>Critical Care Medicine Award</b>	The Critical Care Medicine Section	\$500	Abstract submission	
Education and Simulation in Anesthesia	<b>Award for Best Abstract in Education and Simulation in Anesthesia</b>	The Section on Education and Simulation in Anesthesia	\$500	50% abstract/ 50% oral presentation	Excluding abstracts selected for the oral competitions. The abstract can be based on research in undergraduate, postgraduate, or continuing education.
Neuroanesthesia	<b>Award for Best Abstract in Neuroanesthesia</b>	The Neuroanesthesia Section	\$500	Abstract submission	
Obstetric Anesthesia (anesthesiologists)	<b>Award for Best Abstract in Obstetric Anesthesia</b>	The Obstetric Section	\$1,000	Abstract submission	
Obstetric Anesthesia (residents/medical students)	<b>Award for Best Abstract in Obstetric Anesthesia (resident/medical student)</b>	The Obstetric Section	\$500	Abstract submission	
Patient Safety	<b>Ian White Patient Safety Award</b>	The Quality and Patient Safety Committee	\$500	Abstract submission	All abstracts pertaining to patient safety may be considered for this award at the authors' request – and must be indicated at the time of submission. This

					award is only available to research conducted in Canada.
Pediatric Anesthesia	<b>Award for Best Abstract in Pediatric Anesthesia</b>	The Pediatric Section (Canadian Pediatric Anesthesia Society)	\$500	Abstract submission	The abstract can be based on research, education or quality improvement in pediatric anesthesia, excluding those abstracts selected for the oral competitions.
Perioperative	<b>Award for Best Abstract in Perioperative</b>	The Section on Perioperative Medicine	\$500	Abstract submission	All abstracts may be considered for this award.
Regional Anesthesia and Acute Pain	<b>Award for Best Abstract in Regional Anesthesia and Acute Pain</b>	The Regional Anesthesia and Acute Pain Section	\$500	Abstract submission	

**CAS and its sections reserve the right to not distribute an award each year.**

Awards, certificates and/or plaques will be awarded to the presenting author only.
