2024 Sponsorship Agreement

SPONSORSHIP CONDITIONS

The CAS Annual Meeting is subject to the [National Standard for Support of Accredited CPD Activities](#) and the [CMA Guidelines for Physicians Interactions with Industry](#). The intent of these is to safeguard the integrity of accredited CPD activities from the influence of sponsoring organizations that could lead to bias. The general guiding principle is that CPD activities must be free from influence, based on best scientific evidence and focused on improving the knowledge, skills, attitudes and behavior of learners. All sponsors shall comply with these standards.

1. **Compliance:** Sponsorship will be in compliance with the National Standard - all funds from both for-profit and not-for-profit organizations must be in the form of an educational grant payable to the institution or organization sponsoring the CME/CPD activity, i.e. CAS, with no stipulations attached such as selecting faculty, authors, participants, or any matters related to the content.
2. **Influence:** The Sponsor cannot have direct or indirect influence on any aspect of the CPD activity. This includes development of educational objectives, identification of learning needs, delivery, or evaluation of an accredited CPD Activity. Sponsors cannot be involved with the selection of presentation content including speakers or educational methods used. The scientific planning committee cannot be required to accept advice from a sponsor as a condition of receiving financial or in-kind support. Sponsors cannot delegate or control the content or the registration process. Sponsors are not permitted to provide any incentives to participants unless approved by the planning committee.
3. **Conflict of interest:** A conflict of interest may arise where a sponsor's interests are in actual, potential or perceived conflict with the goals and objectives of an educational event. When conflicts of interest do arise, they must be recognized, disclosed and properly managed.
4. **Use of funds:** The purpose of the sponsorship or educational grant is to support the educational programming and to offset costs related to the CPD activity including exhibitor booths (if applicable). Funds will not be used for hospitality, entertainment, or speaker fees, nor will the funds be used to cover private expenditure, professional expenses or for the invitation of spouses/partners. All funds must be undirected and payable to CAS.
5. **Recognition:** Displays, materials, and exhibitor booths will be in a separate room/tab from the educational activities. Sponsor representatives must not engage in sales or promotional activities during the accredited activity. Sponsors can only distribute gift items bearing the exhibitor's name and/or logo with CAS' approval. Sponsorship acknowledgement will be recognized as per the benefits section outlined in this sponsorship agreement. Sponsors may not use the CAS name or logo.
6. **Linking:** The linking or alignment of a sponsor's name (or other branding strategies) to a specific educational session or section of an educational program within an accredited activity is prohibited.
7. **Advertisement:** Product-specific advertising, promotional materials or branding strategies cannot be included on, appear within, or be adjacent to: any educational materials, slides, abstracts and handouts used as part of an accredited CPD activity; activity agendas, programs or calendars of events (preliminary and final); any webpages or electronic media containing educational material.
