Assistant Professor (Clinical)

Faculty of Medicine – Department of Anesthesia

Position description

The Department of Anesthesia of McGill University and the McGill University Health Centre (MUHC) invites applications for a new position in the Department of Anesthesia. The successful applicant will hold a full-time academic appointment at the rank of Assistant Professor (Clinical), as a member of the Contract Academic Staff. This position does not confer eligibility for tenure.

The McGill University Health Centre (MUHC) is a world-renowned tertiary hospital centre. Located in the vibrant and multicultural city of Montreal, in the province of Quebec. The McGill University Health Centre (MUHC) is affiliated with the Faculty of Medicine and Health Sciences at McGill University. It offers a dynamic, multidisciplinary, clinical, academic, and research environment that fosters clinical excellence, innovative teaching, and clinical research opportunities.

The Department of Anesthesia of McGill University is proud of its achievements in the area of clinical care, teaching, and research and has an excellent reputation as a centre adhering to the highest educational standards.

Job Duties

The successful applicant will provide adult anesthesia care within the McGill University Health Centre (MUHC), Department of Anesthesia. The position involves teaching fellows, residents, and medical students of McGill University, as well as participation in research activities and the medical education programs provided by the Department of Anesthesia within the Faculty of Medicine and Health Sciences. Appropriate non-clinical time will be allocated according to the needs and agreed mandate.

The group of adult anesthesiologists practicing at the MUHC come from diverse backgrounds and offer the highest standards of perioperative clinical anesthesia care. As a university health centre, it is expected that all attending anesthesiologists have additional fellowship training and expertise. Recognized training and experience in cardiac, thoracic, trauma, or regional anesthesia is an asset.

Furthermore, the successful applicant must demonstrate a commitment to equity, diversity, and inclusion in these activities.

Qualifications and Education Requirements

Candidates must:

- Hold an MD degree and be eligible for licensure by the Collège des médecins du Québec.
- Possess anesthesia specialty certification from the Royal College of Physicians and Surgeons (FRCPC), or equivalent.
- Demonstrated expertise in cardiac, thoracic, trauma, or regional anesthesia is an asset; however, candidates with other areas of fellowship training are invited to apply.
- Fulfill the requirements for the office québécois de la langue française (OQLF).

JOB DETAILS

Job Type: Contract Academic Staff (Clinical)

Rank: Assistant Professor

Job status: Full-time

Salary: Remuneration will be according to Quebec health care fee schedule

Posting period: 60 days

APPLICATION PROCESS

Applications must be submitted on-line at: Workday (McGill's employment portal)

The following supporting documents are required:

- statement of research (if including other documents, combine to make 1 pdf)
- the names and contact information of three referees

McGill University is committed to equity and diversity within its community and values academic rigour and excellence. We welcome and encourage applications from racialized persons/visible minorities, women, Indigenous persons, persons with disabilities, ethnic minorities, and persons of minority sexual orientations and gender identities, as well as from all qualified candidates with the skills and knowledge to engage productively with diverse communities.

At McGill, research that reflects diverse intellectual traditions, methodologies, and modes of dissemination and translation is valued and encouraged. Candidates are invited to demonstrate their research impact both within and across academic disciplines and in other sectors, such as government, communities, or industry.

McGill further recognizes and fairly considers the impact of leaves (e.g., family care or health-related) that may contribute to career interruptions or slowdowns. Candidates are encouraged to signal any leave that affected productivity, may have had an effect on their career path. This information will be considered to ensure the equitable assessment of the candidate's record.

McGill implements an employment equity program and encourages members of designated equity groups to self-identify. It further seeks to ensure the equitable treatment and full inclusion of persons with disabilities by striving for the implementation of universal design principles transversally, across all facets of the University community, and through accommodation policies and procedures. Persons with disabilities who anticipate needing accommodations for any part of the application process may contact, in confidence, this email or phone at 514-398-2477.

All qualified applicants are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadians and permanent residents will be given priority.
