Swift Current is a city of 17,000 people serving approximately 50,000 people in the surrounding area. We are located a short drive from larger Canadian cities (Calgary, Saskatoon, Regina). Arts, sporting events, and outdoor activities (camping, hunting, and fishing) are major recreational pursuits. To the west of Swift Current are the Cypress Hills, an area known for its geological and ecological rarity. To the northwest are the Great Sand Hills, which encompass a 1900 km² area, one of the largest of its kind in Canada. To the east is Grasslands National Park, which serves to protect one of the country's only remaining areas of mixed prairie grassland. Finally, north of Swift Current is the Saskatchewan Landing Provincial Park, which straddles the west end of Lake Diefenbaker and offers ample opportunity for boating and fishing. The city itself is very family oriented and offers a safe and relaxed lifestyle with all the amenities of a much larger city. The Saskatchewan Health Authority: The SHA is the largest organization in Saskatchewan, employing over 44,000 employees and physicians responsible for the delivery of high quality and timely healthcare for the entire province. We are driven by the commitment to improve frontline patient care for Saskatchewan people, and we are working together to better coordinate health services across the province to ensure that patients receive high quality, timely healthcare, wherever they live in Saskatchewan. The SHA supports a shared commitment to a Representative Workforce that is respectful and inclusive of all staff and clients. We welcome applications from those who will contribute to the diversity of our community.

Though all applications are welcomed, preference will be given to candidates who are Canadian Citizens or Permanent Residents.
