

Canadian Health Labs (CHL) is the ultimate concierge service for physician locums. Are you seeking a stress-free and rewarding travel physician experience? Our comprehensive services ensure that you'll be taken care of from the moment you sign with us.

As an Anesthesiologist with CHL, you'll have the opportunity to explore the breathtaking beauty of Canada's Atlantic provinces while making a difference in the health and safety of Canadians. Our team of dedicated professionals will handle everything from travel arrangements to accommodation, so you can focus on what matters most - patient care.

In this role, you'll be a valued member of the surgical team, responsible for providing anesthetic services to surgical patients. You'll also have direct involvement in patient care pre and post-operatively, including pre-admission anesthesia clinics and post-operative pain management. We pride ourselves on our commitment to safety and person-and family-centered care. Our team-based, client-focused environment encourages collaboration and ensures that everyone is working towards the common goal of improving worker and patient safety.

Join CHL as a locum Anesthesiologist and experience the benefits of working with a dream company that takes care of everything, so you can focus on providing exceptional patient care and enjoying your travels.
