[Royal Inland Hospital \(RIH\)](#) in Kamloops, British Columbia is seeking multiple anesthesiologists to join our team as we expand. If you are looking to practice where the lifestyle opportunities are endless, this could be the opportunity for you. Enjoy a full practice where you'll still have time for the adventures waiting just beyond your back door after the workday is done.

The Department of Anesthesiology provides anesthesia care for general surgery, orthopedic surgery, neurosurgery, vascular surgery, obstetrics and gynecology, ENT, plastic surgery, urology, and manages multiple trauma cases for pediatric and adult patients. The group is also assisted by six highly qualified anesthesiology assistants.

This is a hospital-based position with 15-hour weekday and 12-hour weekend calls (approximately one weekend per month), on-call remuneration, and the potential for 10-12 weeks off per year to enjoy the local recreational activities. Public holidays are distributed equally among colleagues. Full pre- and post-call coverage to maintain good working conditions. There may be opportunities to do locums or other short-term work.

Leadership and teaching opportunities are also available.

INPATIENTS BEDS: 273

POPULATION SERVICED: 250,000

COMPENSATION

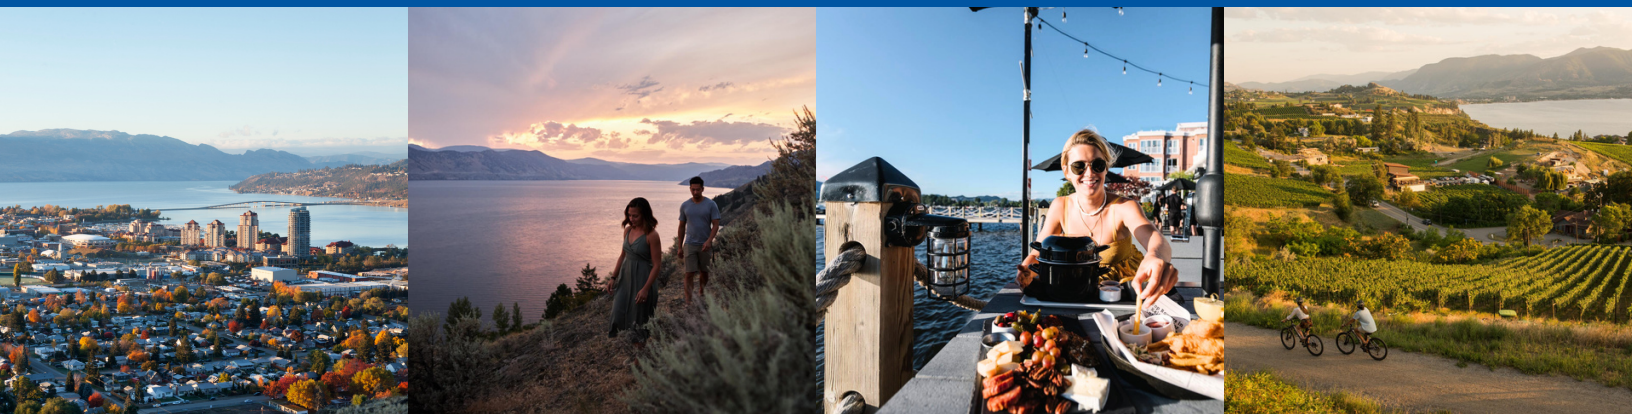

\$545,000 - \$598,000

RELOCATION

[Kelowna General Hospital \(KGH\)](#) is an innovator in medical care, research, teaching, and service delivery. In our commitment to supporting healthy lives, we are opening two additional ORs. As a result of this expansion, we are now looking to hire additional anesthesiologists to join our team!

We are a group of 41 anesthesiologists delivering comprehensive tertiary referral services to a diverse patient population. Our department supports a broad spectrum of surgical specialties, including obstetrics, gynecology, pediatrics, trauma, urology, orthopedics, thoracic, vascular, plastic surgery, ENT, and general surgery. In addition, we provide acute pain management and out-of-operating-room sedation services.

KGH is also a teaching hospital academically affiliated with the University of British Columbia's Southern Medical Program. As part of your new role you will have the opportunity to teach medical students and residents and make an impact in education and research in the community.

INPATIENTS BEDS: 400

POPULATION SERVICED: 250,000

COMPENSATION

CLINICAL SERVICE CONTRACT + MOCAP

RELOCATION

\$9,000 - \$15,000

The Cardiac Anesthesia Division at [Kelowna General Hospital \(KGH\)](#) is actively recruiting to support a growing program. Comprised of eight members, the team provides comprehensive care, including pre-operative consultation, anesthesia for cardiac surgery, and post-operative management in the 6-bed Cardiac Surgery ICU, which can expand to 8 beds. With an annual volume of 600 cases and plans to increase significantly due to rising patient demand, the division is poised for growth.

The scope covers the entire spectrum of cardiac surgery, excluding minimally invasive procedures and transplant. We also provide short-term mechanical support (V-A ECMO, V-V ECMO, VAD). Additionally, the division supports the TAVI program with an annual volume of 150 cases. We also provide consultation and TEE support to our general anesthesia colleagues for patients undergoing complex non-cardiac surgery.

When fully staffed, we aim for a 50/50 split between cardiac anesthesia and general anesthesia. In addition to appointment to the Dept. of Anesthesia, members of the Cardiac Anesthesia Division receive an adjunct appointment to the Dept. of Cardiac Sciences.
