# WELCOME TO QUESNEL, BC!

## Your next adventure awaits

Quesnel is a welcoming, family-friendly community in central British Columbia, known for its natural beauty and relaxed lifestyle. Situated at the confluence of the Fraser and Quesnel Rivers, it offers year-round outdoor recreation including hiking, fishing, paddling, and cross-country skiing.

With a population of approximately 10,000, Quesnel provides essential services, quality schools, and a strong sense of community. Residents enjoy a lower cost of living, short commutes, and easy access to larger centres like Prince George. Rich in Gold Rush history and surrounded by forests and lakes, Quesnel is an ideal place to live, work, and explore.

## About the role

Join a supportive anesthesia team at GR Baker Memorial Hospital, working alongside experienced FP-Anesthetists to deliver high-quality care across a range of surgical services. You'll collaborate with local general surgeons, OB/GYN, ENT, and dental specialists, as well as visiting plastic and orthopedic surgeons. Flexible practice models include full-time, part-time or shared group models.

You'll work in a well-supported OR with skilled nursing staff and strong leadership within a collegial, team-oriented environment, and participate in a shared after-hours call schedule covering maternity, emergency, and surgical services. [Learn more about this opportunity and the hospital on our website.](#)

## COMPENSATION

**Estimated annual compensation: \$424,230+**

Fee for service	\$350,000+
Retention premium (14.7%)	\$51,450+
Retention flat fee (annual)	\$22,780

# WELCOME TO VANDERHOOF, BC!

## Your next adventure awaits

Vanderhoof is a welcoming rural community in central British Columbia, known for its strong sense of connection, safety, and quality of life. Located along the Nechako River, it offers abundant year-round outdoor recreation, including fishing, hiking, boating, and cross-country skiing.

With a population of about 4,500, Vanderhoof provides essential amenities, good schools, and a relaxed pace of life with minimal commute times. Residents enjoy affordable housing and a supportive, close-knit atmosphere. Its central location also allows for easy travel to Prince George, while maintaining the charm and balance of small-town living.

## About the role

Join a collaborative FP-Anesthesia team at St. John Hospital, where work-life balance, flexibility, and professional growth are prioritized. Physicians can tailor their practice to include anesthesia, emergency coverage, and/or primary or inpatient care.

You'll support a diverse surgical program while contributing to ER sedation, critical care, and obstetrics, with ongoing simulation and teaching opportunities. A strong team environment and mentorship make this an excellent opportunity for both new and experienced physicians seeking a rewarding rural practice. [Learn more about this opportunity and the hospital on our website.](#)

## COMPENSATION

**Estimated annual compensation: \$456,750+**

Alternative payment plan contract	\$350,000+
Retention premium (21.14%)	\$73,990+
