

**Position Title:** Clinical Director (Anaesthetics)

**Location:** Department of Anaesthetics, Bundaberg Hospital (Other positions at Hervey Bay and Maryborough may be filled through this recruitment process)

**Remuneration:**

We are offering a competitive remuneration package value up to \$578,908 p.a., including salary between \$216,643 – \$274,678 p.a., generous employer superannuation (up to 12.75%), annual leave loading (17.5%), professional development allowance, motor vehicle allowance, clinical managers allowance, salary sacrifice perks, and flexible rostering for optimal work/life balance.

Regional Queensland residents enjoy a lower cost of living and affordable housing in one of the world's most beautiful and diverse regions.

**Your opportunity:**

- The Clinical Director Anaesthetics will lead the department and provide high quality clinical services within the Anaesthetics Department, Wide Bay Health Hospital and Health Service.
- The Clinical Director Anaesthetics will develop and implement the practice of continuous quality improvement and total quality management at management and patient levels. The incumbent will develop appropriate quality activities and clinical audits.
- The Director will work with senior staff including the Director of Medical Services to implement contemporary models of care delivery and staffing models to ensure best value and safe care is achieved through innovation and patient-centred care.
