## About Quinte Health

Quinte Health is a family of four hospitals—Belleville General Hospital, North Hastings Hospital, Prince Edward County Memorial Hospital and Trenton Memorial Hospital—that are working to “Create Healthier Communities. Together”.

The team of 2,600 staff and physicians provide care through four emergency departments, operating rooms at three hospitals, a rehabilitation day hospital, ambulatory care clinics, and a range of diagnostic services. There are more than 335 inpatient beds for acute medical patients, intensive care, obstetrics, paediatrics, mental health, complex continuing care, rehabilitation, and surgery. In addition, Quinte Health is proud to operate the Quinte Children's Treatment Centre, community mental health programs, and to be a member of the Hastings Prince Edward Ontario Health Team.

The Quinte area is in southeastern Ontario. The area includes some of the most diverse and beautiful countryside in Ontario. From the lakes of Bancroft down to the wine country, picturesque towns, and Sandbanks beach of Prince Edward County, and through the more urban Belleville/Quinte West/Brighton corridor alongside Lake Ontario, almost every lifestyle interest can be found within the communities served by Quinte Health. The region offers low cost of living, affordable homes, and excellent schools as well as quality local theatre, shopping and restaurants. Belleville and Quinte West are located along the highway 401 corridor, and Toronto, Ottawa, Montreal, and Kingston are all easy driving distance.
