UNIVERSITY
OF MANITOBA

Pediatric Anesthesiologist Clinical Scientist Position

The University of Manitoba and the Winnipeg Regional Health Authority are seeking an outstanding academic physician/clinician scientist interested in an integrated approach to providing superior care, education and research in Pediatric Anesthesiology. The section of Pediatric Anesthesia provides tertiary care intraoperative service for all pediatric surgical subspecialties except cardiac, offsite services for multiple medical and diagnostic procedures and has an active acute pain service.

The position will include clinical care, education of fellows, residents and medical students, paramedical professionals and protected time for scholarly activity (education, clinical and/or basic science research) to be determined based on qualifications of the successful candidate. Relocation and recruitment incentive, excellent earning potential, and opportunities for advancement are some of the benefits available. Clinical compensation is derived from fee-for-service income.

Candidates must be eligible for registration with the College of Physicians and Surgeons of Manitoba and the Royal College of Physicians and Surgeons of Canada. University appointment will be at an academic rank commensurate with experience.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority. We thank all applicants for their interest.

Please send application materials to:

Mrs. Gloria Karsin, Executive Assistant
Department of Anesthesia
