Anesthesiologist
Moncton, New Brunswick

The Moncton Hospital, a facility within Horizon Health Network, is recruiting an anesthesiologist with a critical care fellowship. In addition to providing anesthesia services, the successful candidate will participate in the on-call schedule, preoperative anesthesia clinic, and intensive care rotation. Call duties are shared equally among department members. As the Moncton Hospital has affiliation with both Dalhousie University and Memorial University, academic and research opportunities are available.

The Moncton Hospital is a 386-bed tertiary and critical care facility within Horizon Health Network. It is a major referral hospital which serves communities throughout New Brunswick, Prince Edward Island and northern Nova Scotia. Most major services and subspecialties are available: general surgery (including hepatobiliary), thoracic surgery, vascular surgery, interventional radiology, major orthopedics, neurosurgery and neuroradiology, ENT, urology, high risk obstetrics (approximately 1400 deliveries per year), gynecology and plastic surgery (including burns). The Moncton Hospital is a level 2 provincial referral trauma center. The intensive care unit has a 10 bed medical-surgery unit and 6 bed neurosurgical unit.

The city, with adjoining municipalities, has a population of approximately 138,000, and was ranked as one of the best Canadian cities for quality of community life. There is an abundance of educational, cultural and recreational opportunities including easy access to warm water beaches of the Northumberland Strait, and also the scenic Bay of Fundy area. Visit the City’s website at www.moncton.ca.
